

Custom Facial Serum Kit

Thank you for purchasing our Custom Facial Serum Kit. In your kit, you will find:

30ml squalane
10ml your choice of liquid oil
8ml fractionated coconut oil
2ml Q-10
5 dropper bottles
4 pipettes

Directions for making facial serum:

Pour all of the liquid ingredients into a small, clean glass bowl or beaker and stir well to incorporate. Using a pipette, carefully transfer the serum into the glass dropper bottles and seal them well.

To use, gently massage one or two drops of serum into the skin, taking care to avoid the eye area.

This product should be use within 2 years of manufacture.
